

KAINANTU RESOURCES ANNOUNCES UPSIZE TO ITS PREVIOUSLY ANNOUNCED PRIVATE PLACEMENT FINANCING

NOT FOR DISTRIBUTION TO UNITED STATES NEWSWIRE SERVICES OR FOR RELEASE, PUBLICATION, DISTRIBUTION, DISSEMINATION, DIRECTLY OR INDIRECTLY IN OR INTO THE UNITED STATES

Vancouver, B.C. – January 20, 2022 - Kainantu Resources Ltd. (TSX-V: KRL; FSE: 6J0) (“KRL” or the “Company”), the Asia-Pacific focused gold mining company, announces a further increase to its previously announced private placement financing (the “Offering”) due to oversubscriptions. The Offering was originally announced on December 1, 2021, to raise gross proceeds of up to C\$1.5 million (which detailed the relevant financing terms), and, due to oversubscriptions, the Offering has been further upsized to raise aggregate gross proceeds of up to C\$2.77 million.

Use of Proceeds

The net proceeds from the Offering are intended to be used, but are not limited to, exploration programmes at KRL North and KRL South leading to delineation of drilling targets, sampling and technical reports for the May River Project, and general working capital purposes.

Further Deal Terms

All terms of the Offering remain the same, provided that the Company intends to issue up to a total of 15,387,482 units of the Company (each, a “Unit”) at a price of C\$0.18 per Unit for aggregate gross proceeds of up to C\$2.77 million under the full Offering. Each Unit will be comprised of one common share of the Company (each, a “Common Share”) and one common share purchase warrant (each, a “Warrant”), with each Warrant being exercisable for one Common Share at an exercise price of C\$0.36 per Common Share at any time up to 36 months following the closing date of the Offering, subject to earlier expiry in certain circumstances.

The Company closed the first tranche of the Offering on January 4, 2022. Under the first tranche of the Offering, the Company has issued an aggregate of 9,268,825 Units to raise gross proceeds of an aggregate of C\$1,668,388.

A second and final tranche of the Offering of up to an additional approximately C\$1.1 million is expected to close on or before January 24, 2022.

Completion of the Offering is subject to certain conditions including, but not limited to, the receipt of all necessary regulatory approvals, including acceptance of the TSX Venture Exchange (“TSX-V”).

All securities issued pursuant to the Offering and as payment of any finder’s fees, including Common Shares issuable upon the exercise of Warrants or Compensation Warrants, if any, will be subject to a hold period of four months and one day after the date of closing of the Offering.

This press release shall not constitute an offer to sell or the solicitation of an offer to buy the Units, nor shall there be any sale of the Units in any jurisdiction in which such offer, solicitation or sale would be unlawful prior to the registration or qualification under the securities laws of any such jurisdiction. The Units being offered will not be, and have not been, registered under the United States Securities Act of 1933, as amended, and may not be offered or sold within the United States or to, or for the account or benefit of, a U.S. person.

Neither the TSX-V nor its Regulation Services Provider (as that term is defined in the policies of the TSX-V) accepts responsibility for the adequacy or accuracy of this release.

About KRL

KRL is an Asia-Pacific focused gold mining company with two highly prospective gold projects, KRL South and KRL North, in a premier mining region, the high-grade Kainantu Gold District of PNG. Both of KRL's projects show potential to host high-grade epithermal and porphyry mineralization, as seen elsewhere in the district. KRL has a highly experienced board and management team with a proven track record of working together in the region; and an established in-country partner.

Disclaimer and Forward-Looking Information

Statements contained in this release that are not historical facts are forward-looking statements that involve various risks and uncertainty affecting the business of KRL. In making the forward-looking statements, KRL has applied certain assumptions that are based on information available, including KRL's strategic plan for the near and mid-term. There can be no assurance that such information will prove to be accurate, as actual results and future events could differ materially from those anticipated in such statements. Accordingly, readers should not place undue reliance on forward-looking information. KRL does not undertake to update any forward-looking information, except in accordance with applicable securities laws.

Certain of the statements made and information provided in this press release are forward-looking information within the meaning of applicable Canadian securities laws. Often, these forward-looking information can be identified by the use of words such as "plans", "expects", "is expected", "budget", "continue", "projected", "scheduled", "estimates", "forecasts", "intends", "anticipates", or "believes" or the negatives thereof or variations of such words and phrases or statements that certain actions, events or results "may", "could", "would", "might" or "will" be taken, occur or be achieved.

Forward-looking information contained in this release include, but are not limited to, statements or information with respect to: the Offering, the Company's ability to close the Offering and the use of proceeds from the Offering.

Forward-looking information by its nature is based on assumptions and involves known and unknown risks, market uncertainties and other factors, which may cause the actual results, performance or achievements of the Company to be materially different from any future results, performance or achievements expressed or implied by such forward-looking information.

We have made certain assumptions about the forward-looking information. Even though our management believes that the assumptions made and the expectations represented by such information are reasonable, there can be no assurance that the forward-looking statement or information will prove to be accurate. Many assumptions may be difficult to predict and are beyond our control.

Furthermore, should one or more of the risks, uncertainties or other factors materialize, or should underlying assumptions prove incorrect, actual results may vary materially from those described in forward-looking

statements or information. These risks, uncertainties and other factors include, among others: global outbreaks of infectious diseases, including COVID-19; geopolitical and economic climate (global and local), risks related to mineral tenure and permits; commodity price volatility; information technology systems risks; continued softening of the global market; risks regarding potential and pending litigation and arbitration proceedings relating to our business, properties and operations; mining operational and development risk; financing risks; foreign country operational risks; risks of sovereign investment; regulatory risks and liabilities including environmental regulatory restrictions and liability; mineral reserves and resources and metallurgical testing and recoveries; additional funding requirements; currency fluctuations; community and non-governmental organization actions; speculative nature of exploration; dilution; share price volatility and the price of our common shares; competition; loss of key employees; and defective title to mineral claims or properties, as well as those risk factors discussed in the sections titled “Forward-Looking Information” and “Risk Factors” in the Company’s Filing Statement dated October 28, 2020. The reader is directed to carefully review the detailed risk discussion in our Listing Statement filed on SEDAR under our Company name, which discussion is incorporated by reference in this release, for a fuller understanding of the risks and uncertainties that affect the Company’s business and operations.

There can be no assurance that forward-looking information will prove to be accurate, as actual results and future events could differ materially from those anticipated in such statements. Accordingly, you should not place undue reliance on the forward-looking information contained herein. Except as required by law, we do not expect to update forward-looking statements and information continually as conditions change.
